

Table of Contents

Executive Summary

1. Introduction

1.1 Project Overview	1-1
1.2 Project Summary – Section 3	1-4
1.3 Project Proponent	1-4
1.4 Structure of Environment Effects Statement	1-5

2. Project Rationale

2.1 Policy Context	2-1
2.2 Project Objectives	2-3

3. Project Approval Requirements

3.1 Commonwealth Approval Requirements	3-1
3.2 Victorian Approval Requirements	3-2

4. EES Assessment Framework and Approach to EES Investigations

4.1 Introduction	4-1
4.2 EES Draft Evaluation Objectives	4-1
4.3 EES Assessment Framework	4-1
4.4 Summary of Approach to EES Investigations	4-4
4.5 Environmental Risk Assessment	4-5

5. Project Alternatives

5.1 Introduction	5-2
5.2 Consideration of Relevant Alternatives	5-2
5.3 Phase 1: Development of Alignment Options	5-6
5.4 Phase 2: Shortlist Assessment	5-13
5.5 Outcome of Phase 2 Options Assessment	5-20
5.6 Phase 3: Environment Risk Assessment	5-31
5.7 Refinement of Alignment Post Risk Assessment Workshop	5-31
5.8 Conclusion	5-32

6. Project Description

6.1	Introduction	6-1
6.2	Project Timing	6-1
6.3	Project Stages	6-1
6.4	Design Guidelines and Basic Parameters	6-2
6.5	Proposed Alignment	6-2
6.6	Construction Area	6-3
6.7	Typical Cross Sections	6-8
6.8	Intersections and Access Control	6-9
6.9	Waterways and Drainage	6-12
6.10	Bicycle and Pedestrian Use	6-13
6.11	Railway Crossings	6-13
6.12	Noise Attenuation	6-13
6.13	Lighting and Traffic Signals	6-13
6.14	Landscaping	6-13
6.15	Rest Areas and Truck Stops	6-13
6.16	Refinement of the Alignment	6-13
6.17	Construction Method	6-14
6.18	Rehabilitation	6-18
6.19	Operation and Maintenance	6-18

7. Community and Stakeholder Engagement

7.1	Introduction	7-1
7.2	Consultation Prior to the EES	7-1
7.3	Consultation During the EES	7-1
7.4	Stakeholders	7-1
7.5	Community Consultation Activities	7-3
7.6	Overview of Consultation	7-3
7.7	Consultation Feedback	7-7
7.8	Ongoing Community Consultation	7-10

8. Planning and Land Use

8.1	EES Objectives	8-1
8.2	Study Area	8-2
8.3	Methodology	8-2
8.4	Legislation and Policy	8-4
8.5	Existing Conditions	8-6
8.6	Impact Assessment	8-8
8.7	Risk Assessment	8-10
8.8	Environmental Management Measures	8-11
8.9	Planning Scheme Amendments	8-12
8.10	Conclusion	8-12

9. Traffic and Transport	
9.1 EES Objectives	9-1
9.2 Study Area	9-2
9.3 Methodology	9-2
9.4 Legislation and Policy	9-4
9.5 Existing Conditions	9-4
9.6 Impact Assessment	9-8
9.7 Risk Assessment	9-11
9.8 Environmental Management Measures	9-12
9.9 Conclusion	9-14
10. Soils and Geology	
10.1 EES Objectives	10-1
10.2 Study Area	10-2
10.3 Methodology	10-2
10.4 Legislation and Policy	10-2
10.5 Existing Conditions	10-4
10.6 Impact Assessment	10-8
10.7 Risk Assessment	10-12
10.8 Environmental Management Measures	10-14
10.9 Conclusion	10-16
11. Groundwater	
11.1 EES Objectives	11-2
11.2 Study Area	11-2
11.3 Methodology	11-2
11.4 Legislation and Policy	11-4
11.5 Existing Conditions	11-4
11.6 Impact Assessment	11-7
11.7 Risk Assessment	11-9
11.8 Environmental Management Measures	11-10
11.9 Conclusion	11-12
12. Surface Water	
12.1 EES Objectives	12-2
12.2 Study Area	12-2
12.3 Methodology	12-2
12.4 Legislation and Policy	12-5
12.5 Existing Conditions	12-6
12.6 Impact Assessment	12-12
12.7 Risk Assessment	12-18

12.8	Environmental Management Measures	12-19
12.9	Conclusion	12-21

13. Biodiversity and Habitat

13.1	EES Objectives	13-2
13.2	Study Area	13-3
13.3	Methodology	13-3
13.4	Legislation and Policy	13-6
13.5	Existing Conditions	13-14
13.6	Avoidance and Minimisation of Impact	13-18
13.7	Net Gain Assessment	13-20
13.8	Impact Assessment	13-22
13.9	Risk Assessment	13-24
13.10	Environmental Management Measures	13-26
13.11	Conclusion	13-29

14. Cultural Heritage

14.1	Introduction	14-1
14.2	Aboriginal Cultural Heritage EES Objectives	14-2
14.3	Aboriginal Cultural Heritage Study Area	14-2
14.4	Aboriginal Cultural Heritage Methodology	14-2
14.5	Aboriginal Cultural Heritage Legislation and Policy	14-5
14.6	Aboriginal Cultural Heritage Existing Conditions	14-5
14.7	Aboriginal Cultural Heritage Impact Assessment	14-6
14.8	Aboriginal Cultural Heritage Risk Assessment	14-7
14.9	Aboriginal Cultural Heritage Environmental Management Measures	14-10
14.10	Aboriginal Cultural Heritage Conclusion	14-11
14.11	Historical Cultural Heritage EES Objectives	14-11
14.12	Historical Cultural Heritage Study Area	14-11
14.13	Historical Cultural Heritage Methodology	14-11
14.14	Historical Cultural Heritage Legislation and Policy	14-11
14.15	Historical Cultural Heritage Existing Conditions	14-13
14.16	Historical Cultural Heritage Impact Assessment	14-14
14.17	Historical Cultural Heritage Risk Assessment	14-17
14.18	Historical Cultural Heritage Environmental Management Measures	14-17
14.19	Historical Cultural Heritage Conclusion	14-18

15. Air Quality

15.1	EES Objectives	15-1
15.2	Study Area	15-1
15.3	Methodology	15-3
15.4	Legislation and Policy	15-3
15.5	Existing Conditions	15-4
15.6	Impact Assessment	15-5
15.7	Risk Assessment	15-8
15.8	Environmental Management Measures	15-9
15.9	Conclusion	15-10

16. Noise and Vibration

16.1	EES Objectives	16-1
16.2	Study Area	16-2
16.3	Methodology	16-2
16.4	Legislation, Policy and Guidelines	16-4
16.5	Existing Conditions	16-5
16.6	Impact Assessment	16-7
16.7	Risk Assessment	16-15
16.8	Environmental Management Measures	16-16
16.9	Conclusion	16-18

17. Visual and Landscape

17.1	EES Objectives	17-1
17.2	Study Area	17-2
17.3	Methodology	17-2
17.4	Legislation and Policy	17-2
17.5	Existing Conditions	17-4
17.6	Impact Assessment	17-8
17.7	Risk Assessment	17-16
17.8	Environmental Management Measures	17-18
17.9	Conclusion	17-21

18. Social

18.1	EES Objectives	18-1
18.2	Study Area	18-2
18.3	Methodology	18-2
18.4	Legislation and Policy	18-2
18.5	Existing Conditions	18-6
18.6	Community Attitudes and Values	18-9
18.7	Impact Assessment	18-10

18.8	Risk Assessment	18-11
18.9	Environmental Management Measures	18-13
18.10	Conclusion	18-14

19. Economic

19.1	EES Objectives	19-1
19.2	Study Area	19-1
19.3	Methodology	19-2
19.4	Legislation and Policy	19-3
19.5	Existing Conditions	19-6
19.6	Impact Assessment	19-8
19.7	Risk Assessment	19-10
19.8	Environmental Management Measures	19-11
19.9	Conclusion	19-11

20. Matters of National Environmental Significance

20.1	Introduction	20-1
20.2	Scoping Requirements	20-1
20.3	Study Area	20-2
20.4	Matters of National Environmental Significance	20-10
20.5	Threatened Flora Species	20-11
20.6	Targeted Fauna Species	20-12
20.7	Threatened Ecological Communities	20-13
20.8	Avoidance and Minimisation of Impacts on Matters of NES	20-13
20.9	Nationally Significant Flora and Fauna within the Final Alignment	20-14
20.10	Proposed Offset Strategy	20-14
20.11	Impact Assessment	20-14
20.12	Risk Assessment	20-15
20.13	Environmental Management Measures	20-16
20.14	Conclusion	20-18

21. Environmental Management Framework

21.1	Introduction	21-1
21.2	Project Delivery	21-1
21.3	Roles and Responsibilities	21-2
21.4	Statutory Approvals and Consents	21-3
21.5	Environmental Management Documentation	21-4
21.6	Resource, Energy and Waste Minimisation	21-7
21.7	Environmental Management Measures	21-9
21.8	Compliance	21-46

22. Conclusion

22.1 Summary of Assessments	22-1
22.2 Conclusion	22-8
22.3 Next Steps	22-9
