

Yan Yean Road between Bannons Lane and Jorgensen Avenue, Yarrambat.

YAN YEAN ROAD UPGRADE STAGE 2

BANNONS LANE TO JORGENSEN AVENUE

We're upgrading Yan Yean Road to help you get home safer and sooner

Design journey

In April 2018, we presented a design to the community that included a 2.5m wide centre median with safety barriers between Bannons Lane and Jorgensen Avenue.

You told us that:

- safe access is important to residents along this section of Yan Yean Road
- preserving the local flora and fauna is important to the community
- the look and feel of Yarrambat is important to local residents.

In response to community feedback and the results of our technical investigations, we refined the design to further minimise the project's environmental and social impacts.

Our EES technical investigations revealed that some of the trees between Bannons Lane and Jorgensen Avenue are significant foraging trees for the endangered Swift Parrot.

The investigations also found the presence of a federally protected plant species, the Matted Flax-lily.

Another important consideration for us was to provide safe access off Yan Yean Road for properties between Laurie Street and Bannons Lane.

Updated design

We've developed a new design that balances safety and the environment.

We'll build a wide median in the centre of Yan Yean Road between Bannons Lane and Jorgensen Avenue. The wide median will allow us to retain as many of the trees in that area as possible.

We'll also build a wide road shoulder on the east side of Yan Yean Road to provide safer access for properties between Laurie Street and Bannons Lane.

Have your say

The EES is on display for public comment from 31 August to 9 October 2020.

Commenting on the EES gives you a chance to have your views considered in planning approvals decisions for Yan Yean Road Upgrade—Stage 2. You can read the EES online or request a copy on USB.

For more information about the EES process, where to read the document and how to make a submission visit roadprojects.vic.gov.au/yyr-ees. For more information about the project, email contact@roadprojects.vic.gov.au or call 1800 105 105.
