

MAY 2021

ECHUCA-MOAMA BRIDGE PROJECT

The largest transport infrastructure project in northern Victoria

We've built a new roundabout at the intersection of Murray Valley Highway and Warren Street, upgraded Warren Street and we're now building a second river crossing to connect Echuca and Moama, making it quicker and easier for you to travel across the Campaspe and Murray rivers.

What we're doing and when

Stage 3

Works on Stage 3 are progressing well. In May, we'll start building the main span of the bridge over the Murray River.

We'll also continue:

- pouring concrete to build the bridge decks
- excavating soil and laying drainage pipes
- building the shared use path in Echuca
- delivering materials and equipment to all work sites.

Stage 4

In Moama, we'll start building the new Meninya Street intersection in the Moama Lions Park and relocating a vintage Campbell gas engine from the Moama Lions Park to the Rotary Park in Echuca.

We'll also continue:

- relocating underground services
- installing new stormwater drainage pipes between Boundary Road and Francis Street
- upgrading access to the Moama Marketplace loading dock
- widening the intersection of Cobb Highway and Perricoota Road, as well as next to the Moama Lions Park.

Local access changes in Moama

So we can safely build the new bridge and connections into Moama, all public access to Boundary Road will remain closed.

We've also temporarily relocated the pedestrian refuges on Meninya Street, Cobb Highway and Perricoota Road to complete these works. Cyclists and pedestrians will be able to access the Moama Marketplace and Cemetery Road via the signposted paths on Boundary Road. We encourage you to take extra care and follow the directions of traffic controllers. We'll continue to keep you updated on changes to access within our work zone.

Changes for river users

Until early November 2021, there'll be changes in place on the Murray River. Vessel operators are advised to exercise caution when navigating and to pay attention to signage and buoyage near our works. Transport for NSW (Maritime) have introduced a four (4) knot speed limit.

For more information about these changes, please contact the Transport for NSW (Maritime Infoline) on **131 236** from **8.30am to 5.30pm Monday to Friday**, or **8.30am to 4.30pm** on weekends and public holidays.

All works will take place from **7am to 6pm, Monday to Friday** and **7am to 1pm, Saturdays**.

The timing of these works may change depending on weather and site conditions.

Some works such as concrete pours may need to be undertaken out-of-hours. If this needs to happen near you, we'll let you know in advance.

Project timeline

- **Late 2017**
 - Works start on Stage 1
- **Mid-2018**
 - Stage 1 opens to traffic
- **Late 2018**
 - Works start on Stage 2
- **Late 2019**
 - Stage 2 opens to traffic
- **Early 2020**
 - Works start on Stages 3 & 4
- **Late 2021**
 - Stage 4 opens to traffic
- **Mid-2022**
 - Stage 3 complete and bridges open

More information

We appreciate your patience and understanding while we build your second crossing over the Murray River. If you'd like more information about the project, please phone us on **1800 105 205** and select option 5 (available 24/7) or email us at contact@roadprojects.vic.gov.au
